There are four different cases on hand, the last one having only lately occurred, viz, the destruction of a chapel. The magistrate there has given the musicu a great deal of trouble. Even when the German Consul went there, discourteous treatment was rendered. The Governor at that time, Chang Yao, promised to have the official removed, but this was not done. The German Bishop n his return sought an interview with the magistrate, but was at first refused. The present Governor is very indignant and feels like degrading the man, but said man, of 70 years of age, doesn't care, as he must any way soon retire, and has already made himself rich. Deputy after deputy has been sent to the district, being the headquarters of that mission, but no result of a satisfactory character has been reached. One more attempt in now made.
